Dear Parent/Guardian,

Re: Road Safety Notice – Your Children’s Safety

It has been brought to the attention of Gardaí that a small number of parents are parking their vehicles illegally and dangerously while dropping and collecting their children to school. In order to ensure the safety of all young children, adults and other road users, parents are asked to **park responsibly** and observe the following:

1. **Do not** park or stop on the yellow school clear way/disabled bays.
2. **Do not** park or stop in front of the driveway of any residence.
3. **Do not** park or stop on any footpath or double yellow line.

Please note that to ensure the safety of all, Gardaí will issue Fixed Charge Penalties (fine and penalty points) to any vehicle breaching road traffic legislation **without exception**.

It is essential to create a safe environment and set a good example for children while attending school.
